SECTION 7

ANNUAL AND TRIENNIAL REASSESSMENTS

PROCEDURES

7.A. ANNUAL ASSESSMENTS

The Solano SELPA procedures for IEP Parent Notification and Participation ensure that each LEA in the SELPA completes annual assessments within required timelines. (See Guidelines section for specific SELPA forms).

The student's IEP is scheduled for review by the IEP team at least once a year. Assessments and IEP meetings will take place within 50 calendar days of receipt of the signed assessment plan. In addition, a special review of the placement may be requested at any time by:

- Any staff member who provides services to, or who knows, the student and has a specific concern.
- The student's parent/guardian.
- A student whose due process rights were transferred at the age of 18.
- Upon receipt of a written request, the IEP team administrative designee shall schedule a review meeting within 30 calendar days.

Parents and members of the IEP team must be notified by established notification procedures. The IEP team may:

- Review student progress on his/her goals and objectives.
- Modify the IEP by referring the student to a more intensive or less intensive program.
- Recommend the continuation of the current program.

7.B. TRIENNIAL ASSESSMENTS

All reevaluations are conducted within three calendar years of the last assessments, or more frequently if requested by the student's parent or teacher. The reevaluation determines if the student continues to have a disability and if he/she continues to require special education services. It also determines how he/she is involved in and progressing in the general education curriculum. Assessment and IEP meetings shall be completed within 50 calendar days upon receipt of the signed assessment plan.
