### Dispute Prevention Dispute Resolution & Learning Recovery Funds

On August 23<sup>rd</sup> the SELPA received apportionment notifications for two, one-time, special education funds:

1. The Special Education Dispute Prevention / Dispute Resolution (Resource 6536) and
2. The Special Education Learning Recovery Support (Resource 6537).

Both of these funds require that the SELPA work with the member LEAs to develop and submit a plan by October 1. On 9/1 CDE held a webinar for SELPAs and released the plan forms. We will be on a short timeline to complete these plans and will proceed as follows:

- At SEC on 9/3, the Directors will review the bill language, forms and CDE guidance.
- Between SEC and Governance and Finance on 9/15, LEAs will begin working internally on their local plan for the use of these funds.
- Plans will be presented to COS on 9/23 for a final review.

CDE has indicated they are only “receiving” the plans, not really providing approval or providing feedback. Final reports of the expenditures will be due in the fall of 2023.
